Policy Introduction

EngenderHealth’s vision is a world where sexual and reproductive health and rights are respected as human rights, and women and girls have the freedom to reach their full potential. EngenderHealth recognizes that sexual and reproductive rights cannot be confined to the health sector and that realizing these rights can have a significant and positive global impact. This emphasis on rights directly underpins EngenderHealth’s values and principles: choice, quality, and excellence. To achieve transformational change leading to true social and economic progress, EngenderHealth partners with diverse people and organizations across sectors with the shared goal of empowering women and girls to determine their futures.

As part of this vision, EngenderHealth is committed to safeguarding all people, particularly children, vulnerable adults and beneficiaries of assistance from any harm that may be caused due to contact with EngenderHealth. This includes harm arising from:

- The conduct of staff, associates and partners
- The design and implementation of programs and activities

What is Safeguarding?

Safeguarding means taking all reasonable steps to prevent harm, particularly sexual exploitation, abuse and harassment from occurring; to protect people, especially
vulnerable adults and children, from that harm; and to respond appropriately when harm does occur.

Accountability Statement
EngenderHealth takes this policy very seriously, and the safeguarding mandate comes from EngenderHealth’s Executive Team (ET) and Board of Directors.

The Safeguarding Policy applies to all EngenderHealth staff, associates, and partners who must comply with its requirements and understand the sanctions that may be applied for breaches of the policy. Where required by law or local practices, EngenderHealth or Country Offices may enhance the standards as set out in this policy. This commitment will be evidenced through signing the policy and the Code of Conduct. Training in this policy is mandatory for all EngenderHealth staff, associates, and partners.

The Board of EngenderHealth is ultimately accountable for this policy. The CEO, ET and directors of EngenderHealth are responsible for its implementation. It is the responsibility of all representatives of EngenderHealth to raise any concerns regarding sexual exploitation and abuse. EngenderHealth takes all concerns and complaints seriously and will initiate a comprehensive investigation of complaints that are in violation of this policy and take disciplinary and possibly legal action as warranted.

Policy Approach
This policy details how EngenderHealth achieves its obligations and applies to all staff, associates and partners regardless of their location.

Framework Principles
This policy and the entire Safeguarding Framework are guided by the following principles:

Safeguarding
EngenderHealth is committed to all community members as outlined in the definitions as having the right to safeguarding and protection from sexual exploitation and abuse irrespective of ability, ethnicity, faith, gender, sexuality, and culture.

Shared Responsibility
For the Safeguarding policies and practices to be effective in reducing the risks to beneficiaries and communities, all at EngenderHealth must share the responsibility for implementation and improvement. As such, a failure at one level of the organization constitutes a failure at all levels of the organization.

Effective Communication
EngenderHealth effectively communicates with all staff, associates, and partners in simple and accessible language to create a positive and accessible culture where responsibilities for safeguarding are clear.

**Continuous Improvement**

EngenderHealth provides assessment, reflection and feedback mechanisms to inform the organisation of any improvements that can be made to policies and practices. These mechanisms include quarterly incident reviews, regular safeguarding audits, as well as regular policy review, and refresher training.

**Dignity and Respect**

EngenderHealth creates a work environment where the principles of dignity and respect for all staff, associates, partners and communities, in all locations are at the heart of what the organisation does. Included in this are the principles of being non-judgemental when hearing safeguarding concerns and complaints.

**Zero Tolerance**

EngenderHealth has zero tolerance for any violations of the safeguarding policy.

**Confidential**

EngenderHealth is committed to confidentiality and information will not be shared outside of the Safeguarding Committee unless it is absolutely necessary, and the safety of the person involved is a concern.

**Policy Implementation**

**Policy Map**

This policy will guide EngenderHealth staff, associates, and partners through the definitions of safeguarding as well as governance and responsibilities. The Chief Executive Officer (CEO), together with the Board of Directors, has ultimate responsibility for this policy and the Safeguarding Framework and its proper management, using a systematic approach. As such, the CEO and the Board of Directors will receive a summary of any reported sexual exploitation and abuse incidents and follow-up measures taken at each Executive Team meeting and Board meeting, respectively.
