

ON **WORLD AIDS DAY**,
WE'RE ASKING...

WTFP?!

WHERE'S THE FAMILY PLANNING?!

WOMEN OFTEN HAVE TO MAKE MULTIPLE TRIPS
TO ACCESS HIV AND FAMILY PLANNING SERVICES
THAT ARE PROVIDED SEPARATELY.

THIS MEANS DOUBLE
THE TRAVEL & WAIT TIME.

MANY WOMEN
WALK AT LEAST
6 HOURS FOR 2
TRIPS TO A CLINIC.¹

IMAGINE THE TIME LOST FOR A WOMAN WHO
EARNS AN INCOME AND CARES FOR HER CHILDREN.

**WHEN FAMILY PLANNING AND HIV SERVICES
ARE AVAILABLE TOGETHER, WOMEN CAN:**

LEARN HOW TO
PROTECT THEMSELVES
& THEIR PARTNERS
FROM HIV

AND

MAKE INFORMED
FAMILY PLANNING
DECISIONS

\$1 SPENT ON
INTEGRATING
HIV & FP
SERVICES
SAVES \$25.²

=

IT'S A WIN-WIN!

Everyone deserves equal access to quality care.
Join us in asking WTFP?!
